

4inObjects

4inObjects is a New York based jazz collective. Although the current lineup dates to 2001, members of 4inObjects have played together since 1994. With such a long history, it's easy for musicians to fall into comfortable grooves. However 4inObjects prides itself on being unpredictable not only to the audience but also to each other. Every aspect of their material is subject to instantaneous alteration. Harmony, melody, rhythm, instrumentation, timbre, and even form are targets for inspection, manipulation, or ridicule. They strive to create a continuously elastic atmosphere, keeping the listeners on the edges of their seats.
